

Welcome

Nursing is a research based profession, committed to promote and maintain well being, prevent illness and care the sick or dying patient. It is also an integral part of the health care delivery system, which shares the responsibility by working collaboratively with other allied profession for the attainment of optimal health for all members of society. Nursing has climbed the ladder from a recognized general nursing program (GNM) to graduation, post graduation, M.Phil, PhD and post PhD levels. The Nursing graduates from India have succeeded in leaving their imprint worldwide.
